My dear Sir,

In returning the draft Review on the Police Administration Report I am directed to say that His Highness while approving of the draft generally would prefer to omit the reference made to the increase of punishments in the Police Force as indicating a slackening of discipline. Assuming that the punishments were as a rule just it may be just as fairly argued that they indicate greater supervision and a tightening rather than a slackening in discipline. On the whole the reference to punishments would, His Highness thinks, be better

No. 208

Enclosure No. Statement A. to E. (Original) & 2 additional Copies of report

Sir,

I have the honor to forward herewith the Administration Report of the Police Department for the official year 1910-1911 together with the prescribed statements.

2. I was in charge of the department throughout the year.

Mr. M. Lakshmana Sastry was my Office Assistant during the year.

3. The appended statement shows the officers who were in charge of districts during the year.

Part I Crime.

Cognizable cases.

4. The reported cognizab

crime during the year, compared with that for each of the preceding five years and also with the average of the ten years previous to that is given below:-

Average for the ten years from 1895-96 to 1904-05	5,85
1905-1906	6,09
1906-1907	5,52
1907-1908	5,27
1908-1909	6,22
1909-1910	6,09
1910-1911	5,70

These figures show that the reported cognizable crime during the year is well below the average of the ten years next preceding the last five years and also far below the crime reported during 1909-1910.

The classwar increase and decrease are as follows:-

Class	Description of crime	No.reported in 1909-10	No.reported in 1910-11	Increase	Decrease
I	Offences against the State, & public tranquillity &c	86	79	.	7
II	Serious offences against person	554	528	.	26
III	Serious offences against person and property.	1406	1452	46	.
IV	Minor offences against person.	111	88	.	23
V	Minor offences against property	3285	2718	.	567
VI	Other offences not specified above.	650	839	189	.
	Total	6092	5704	235	623

Net decrease 388 or more than 6 per cent.

Except under Class IV and VI, there has been a decrease under all classes of crime notably under Class V, relating to "Minor offences against property" under which the fall is more than 17 per cent. Under Class VI "offences relating to public nuisances and those under special and local laws" there has been a large increase of 189 cases or 29 per cent, due to the more rigorous working of the Sanitary laws and the provisions of Section 56 of the Police Regulation. These offences are, however, no criterion of the efficiency or otherwise of the Police work, except that it adds to the quantity of the work turned out by the Police and it does not require any real ability in the detection or prosecution of such cases. If, therefore, the increase of crime under this head is left out of consideration, we find a substantial decrease by 10 per cent in the volume of crime.

Offences under the Indian Penal Code.

5. Of the 5704 cognizable cases reported during the year only 4865 are under the Indian Penal Code against 5542 in the previous year.

6. The sub-joined statement shows the total cognizable crime

crime dealt with by the Police
during the year and the results
of Police action in the several
districts in their order of merit;

The fall from 750 to 391 in the Tumkur District requires being looked into and the Superintendent has been called upon to explain the cause for it.

As regards the percentage of convictions secured to cases decided, the Kolar Gold Fields and the Chitaldrug District have shown marked improvement, Mysore, Kolar and French Rocks have done slightly better than last year but there is much room for improvement. The remaining districts have shown a down ward tendency and of these Kadur and Hassan are the worst.

In the matter of the recovery of property lost, Kolar has maintained its first place. French Rocks has pulled up well from the 10th to the 3rd place. Shimoga, Bangalore and Kadur have done somewhat better than last year, while the other Districts have shown very poor results.

Cases reported and pending.

7. Including 4377 pending cases viz (662 on A form, 1407 on B form and 2308 with the Police of the previous year the total number of cases dealt with by the Police during the year of report was 10081 against 10613 in the previous year.

Disposal of cases.

Disposal of Cases.

Of these 7 were transferred to the British Police viz, 4 to the Civil and Military Station, Bangalore, 1 to each of the Presidencies of Madras and Bombay and 1 to Coorg, 165 were refused investigation under clause b of section 157, Criminal Procedure Code and 2398 remained pending with the Police at the close of the year. The remaining cases were all sent up to the Magistrac 3971 on A form, 2865 on B form and 675 on C form.

Cases charged.

Of the 3971 cases charge-sheeted, 2390 ended in conviction, 891 were either discharged or acquitted, 31 were compounded 26 were struck off on A form, 10 were withdrawn and 623 were pending with Magistrates as against 662 in the previous year.

Referred cases or B forms.

Of the 2865 cases sent up on B forms , 1302 were ordered to be struck off and of these only 340 cases were declared by the Magistrates to be false due to mistakes of law or fact or as non-cognizable. In the remaining 962 cases ordered to be struck off as being false, the Magistrates have failed to declare specifically whether they were maliciously false or otherwise as laid down in the Chief Commissioner's

Criminal Digest page 46 7(V

Courts Commissioner's Proceedings No. 4729/2897 dated 20-3-1896. The omission of the Magistrates in this particular was brought to the notice of Government in more than one of my previous reports, but there has been no improvement. My impression is and I hope I may be wrong that in the disposal of the B and C forms, the Magistrates do not evince the same interest and do not exercise the same ~~scrutiny~~ Scrutiny as in the disposal of the charge-sheets. During the year under report as already stated elsewhere 3971 and 2865 A and B forms respectively were submitted by the Police.The Magistrates while they disposed of nearly 85 per cent of the former have pending with them at the end of the year nearly 55 per cent of the B forms. A careful scrutiny and prompt disposal of B forms by Magistrates making the declaration as required by the Chief Courts Commissioner's Proceedings No. will go a long way to assist the Police in taking action against persons making maliciously false complaints and thereby wasting the time and energy of the Police and Magistracy, much to the prejudice of the public business.

Cr

C form cases.

Of the 675 C forms, 221 were accepted and 454 remained pending with the Magistrates.

Class I.

Offences against the State, Public tranquillity, Safety and Justice.

8. The total number under this class was 156 against 158 in 1909-10. Of these the number of true cases was 69 against the same number in the year previous. 51 cases ended in conviction against 49 in the previous year showing a percentage of 74 against 71 of last year.

Offences relating to coin.

The total number of true cases for disposal fell from 12 to 6 and all these cases were disposed of during the year, 4 of them ending in conviction.

Riots.

There were 61 cases or 3 more during the year of report than in the previous year. The percentage of convictions to cases decided was 44.4 against 45 in the preceding year. Most of these cases were the outcome of village disputes of a trivial nature.

Class II.

Serious offences against person.

9. The total number under this head was 953 against 963 of last year. The percentage of convictions to cases reported and pending was 19.3 against 15.5 and that to cases decided was

47-6 against 37.4.

Murders &c.

The following table shows ~~the~~ districtwar details of of the cases of "murder" "Attempt at murder" and "Culpable Homicide"

* Include Old Cases.

The number of true cases of murder during the year was 59 against 63 of the last year . Of these 21 ended in conviction against 19 in the previous year. The percentage of convictions to cases reported was 31.8 and that to cases decided 42, against 26.7 and 34.5 respectively during the preceding year. These results are good.

Infanticide.

Six cases of infanticide were reported during the year, 2 from each of the Districts of Bangalore and Kolar, 1 from the French Rocks Circle and 1 from the Mysore City. In one case the mother owing to some domestic quarrel wanted to commit suicide and unwilling to leave her children behind to the tender mercies of others, threw her young daughter into a well and was about to jump into it herself with another male infant in her arms, when one Irani interfered and stopped her. In another a child was killed by its foster-mother under a superstition that as fore-told by an astrologer the nativity of the child would be fatal to the mother.

Attempts at murder and Culpable Homicide.

Here again there is a fall in crime. There were during the year 7 cases of attempts at murder and 23 of culpable Homicide

Homicide against 8 and 26 respect ively in the year previous.The result in the former was 2 convictions in both the years and in the latter 9 convictions against 17 in the past year.

Class III

Serious offences against person and property.

10. The total crime under this head was 1452 showing a small increase of 46 over the previous year's figure. The increasewas exclusively under small burglaries Under dacoities there was actually a fall of 28 per cent.

The following statement exhibits districtwar details:-

Dacoities and Robberies.

The number of dacoities decreased from 32 to 23, while that of robberies the same as in the previous year viz 57. The Kadur and Kolar Districts returned 7 and 5 dacoities respectively. Mysore and Shimoga returned 8 robberies each while Bangalore and Chitaldrug 7 each.

House-breakings.

House-breakings increased from 1190 to 1251. The percentage of convictions to cases decided was the same in both the years viz 72.

Class V.

Minor offences against property.

The total number under this class fell from 3285 to 2718 a decrease of 567 cases. Under thefts alone there was a decrease of 544, 441 under ordinary thefts and 103 under cattle thefts, a satisfactory feature. The following table furnishes details:-

remained pending with the Magistrates at the end of the year.

In addition to the above one case was prosecuted under the orders of the Superintendent of Police, Bangalore, but this remained pending.

Prosecutions for perjury.

17. During the year under report, 8 prosecutions were instituted for perjury against 2 in the previous year and these were from the Districts of Shimoga and Hassan. Of these 7 cases and 7 persons ended in conviction while the remaining 1 case with 1 person ended in discharge.

Sessions trials.

18. During the year under report there were in all 106 Sessions cases, of which 68 ended in conviction and 37 in acquittal or discharge against 67 and 39 respectively in the preceding year. The percentage of persons to cases decided was 64.7 against 63.2, and the number of persons convicted and acquitted was 114 and 108 respectively against 124 and 105 in the past year, the percentage of persons convicted to persons tried being 51.3 against 54.1. The District Police officers attended the Sessions Courts in 55 cases as against 59 in the previous year. The District Superintendent of Police, Kolar Gold Fields did not attend

attend the Sessions at all. He says that he had other important and urgent work and that evidence in all the cases was very clear as it is evident from the fact that all of them ended in conviction.

Details are given in the statement below:-

Recovery of stolen property.

19. The annexed table shows the amount of property lost and recovered in each of the past two years:-

1910-11			19109-10		
Lost	Recovered	Percentage	Lost	Recovered	PERCENTAGE
192661	78422	40.7	174614	71731	41

During the year under report a larger amount of property was lost than in the previous year and a larger amount was also recovered leaving the percentage of recovery almost the same viz 40.7 in the current year as against 41 in the year previous.

Vagrancy and bad character.

20. Action was taken under the preventive sections of the Criminal Procedure Code against 75 persons against 85 in 1909-10 with the result that 44 persons were bound over as against 60. Thirty five of these persons were sent to Jail and the remaining 9 furnished the required security. The average term of imprisonment in default of finding security was 9 months.

Preventive action under section 565 Criminal Procedure Code.

21. 10 persons were order by Magistrates to notify their residence to the Police (4 in

kolar

Kolar, 3 in Kolar Gold Fields, 2 in the Bangalore City and 1 in Chitaldrug) against 8 in the preceding year.

Known Depredators

22. The total number of names on the surveillance registers of Tumkur, Kadur, French Rocks and Mysore City was 302 of whom 4 died, 3 passed out of view and 1 is in Jail. The remaining Districts will furnish similar information in their future reports.

Arrests by Village Police.

23. In 56 cases 84 persons were arrested by the Village Police as against 114 persons in 82 cases in the previous year. Of these 49 cases with 71 persons ended in conviction against 68 cases with 87 persons. The percentage of convictions to cases and persons arrested was 87.5 and 84.5 against 76.8 and 76.3 respectively in the previous year.

The details of the cases in which arrests were made by the Village Police are as follows:-

1.T h e f t.	27
2.House-breaking and theft.	19
3.Robbery.	2
4.Cattle mischief.	2
5.Criminal breach of trust.	2
6.Dacoity.	1
7.Mischief by fire.	1
8.House-trespass.	1
9.Vagrancy.	1
Total	56.

Infant marriages.

24. 26 persons were prosecuted in 10 cases with the result that 22 persons were convicted in 8 cases as against 8 persons in 4 cases in the preceding year. The remaining 4 persons and 2 cases were awaiting trial. The increase was due to the fact that many cases of previous years which had escaped notice were detected and prosecuted during the year under report.

Processes.

25. 121322 processes were issued during the year of which 109990 were served and 11332 remained unserved as against 124746, 113905 and ~~12040~~ 10240 respectively in 1909-10.

Violent and unnatural deaths.

26. The following statement gives the details of deaths by violent or unnatural causes:-

Cause	09-10	10-11
Murder.	70	72
Culpable Homicide.	27	24

There has been an appreciable decrease under the heads of "other causes" "Accident Deaths and "Mining Accident but

but there has been an abnormal increase under the heads of "Suicides" and "Snake-bites".

Investigation of heinous crime by Superintendents and Amildars.

27. The total number of heinous cases reported during the year was 426.. Of these 19 fully and 100 partially were investigate by Superintendents and 27 fully and 56 partially by Amildars. As in the previous year the Superintendents of Police of Kadur and the Kolar Gold Fields have directed the investigation of all important cases on the spot.

Arms Regulation.

28. The total number of licenses issued and the results of prosecutions undertaken under this Regulation are given in the sub-joined statement.

Part II - General Administration.

C.I.D. & Finger Print Bureau.

Finger Print slips on record.

29. There were 20621 slips on re-cord on the 1st July 1910, and ~~durin~~ during the year under report 1167 sl slips were received, thus making a total of 21788 slips on record at the close of the year.

Finger Print slips received for search.

(ii) The number of slips received for search was 1714. Of these 256 slips were traced, the number of convictions traced varying from 1 to 12.

The subjoined statement shows the details of the places from which and the number of search and record slips received from each of them during the year and in the pre-ceding year:-

The number of slips received for search and record during the year is

is less than that received during any of the preceding five years. As long as the gangs-census and the prepara-tion of the history sheets of the members of the gangs were being pre-pared a very large number of slips were being received for search. Since that work was over last year, there has been a fall in the number of slips received for search. It is also to be observed that the Districts have not sent to the Bureau for re-cord full 50 per cent of the slips they ought to have sent for search and record. Explanations have been called for and on receipt of them proper instructions will be given.

Reclassification of Finger Print Slips.

(iii) The classification of the Finger print slips on record under Henry's system of recording is al-most completed. But the subclassifi-cation which is the next important

portion

portion of this work, cannot be push-ed through with the existing staff of 1 Inspector and a clerk, which by itself is not adequate even to cope with the current work.

Expert opinion on Finger Prints.

(iv) Evidence was given in person in two criminal cases, in one case connected with the Registration Department and in one Civil case. Written opinion was sought for in 11 cases by the Munsiffs of Mysore, Hole Narsipur, Kolar, Tumkur and Chitaldrug.

Criminal Investigation Department.

30. The Criminal Investigation Department was in charge of my office Assistant, Mr. M. Lakshmana Sastry, B.A.

The staff consisted of three Inspectors, 2 Jamedars and 6 constables.

The

The compilation of the history sheets of the C.I.D, K.Ds. and gangs which was begun last year, was com-pleted during the year under report; but it still remains to be checked and verified by personal inspection of the gangs &c., which will be taken on hand soon.

Since an exhaustive report on the working of this Department was submitted to Government recently with this office No.175/C.I.D. dated 30-6-1911, I shall just mention a few of the important cases handled by the C.I.D.

(1) Nagar currency note theft case.

In this case, the accused, a professional swindler named Vittal Rao, posed himself as a native physician under the assum-ed name of Ramachandra Jois, and in this guise won the confidence of one Seshappa in Nagar. All of a sudden the physician disappear-

-ed

-ed from the place, when it was found that currency notes ~~&c~~ of the value of ₹ 1,400 were missing from the pocket of Seshappa. Three months after the occurrence the help of the C.I.D. was sought for, who after a searching en-quiry traced the accused in Nagavally of the ~~[illegible]~~ Chamara-nagar Taluk and successfully booked him.

(ii) Abstraction of currency notes from the Railway Mail Service.

4 cases of the abstraction of currency notes from Registered covers on the Birur-Shimoga line were reported. Of these one case was traced by the C.I.D. to a Post Master in Pate Marwar. The District Superintendent of Police Shimoga, has been instructed to take steps to prosecute the culprits. But the remaining cases are undetected as these cases were handed over to the C.I.D. several months after the occur-rence.

(iii) Sandalwood smuggling cases of Hassan.

3 cases of thefts of large quantities of sandalwood were brought

brought to light during the year under report by the combined efforts of the C.I.D. and the Hassan local Police. All the 7 persons who were sent up for trial in these cases were con-victed and sentenced to various terms of imprisonment since the close of the year

During the year Sergeant Munisamy of the C.I.D. and constable Nanjundiah of the Bangalore City Police received a reward of Rs 500/- from the District Magis-trate, North Malabar, for the smart capture of a notorious dacoit of South Canara.

The staff was besides employed on duties of a confidential nature and on other miscellaneous duties such as collection of information required by the foreign C.I.Ds &c., The relations between the Criminal Investigation Department

Department and the District and Railway Police remained cordial and the services of the members of this Department were freely applied for. The continuance of this Department for another year was recently sanctioned by Government in their Order No.J.936-7/Pol 1-11-2 dated 15-9-1911.

Police Training School.

31. The School continued under the direct supervision of Mr. M.Lakshman Sastry, B.A., Assistant to the Inspr.-Genl. of Police.

Of the 98 students (65 men in service and 33 recruits) who were under instruction in the School at the beginning of the year, only 89 attended the final examination held in February 1911. Out of these 2 were graduates, 2 F.As and 4 matriculates.

17 students successfully passed the Inspector's examination and 50 S.H.O. Test. Under Mr. Venkatachar B.A., BL

the

T

the School maintained its reputation for discipline and good work.

The second batch consisting of 30 recruits and 29 men in service was formed in the middle of March 1911, and are undergoing instruction. There are at present in the school 4 graduates, 8 undergraduates and 6 matriculates.

The inspection of stations is better done in the year under report, only 1 Investigating Centre and 6 sub-stations remaining uninspected out of 161 Investigation Centres and 181 sub-stations in the Province.

The Deputy Commissioners of Shimoga, Hassan and Kolar have visit-ed a large number of stations.

Strength of the Regular Police.

33. The sanctioned strength of the force was 831 officers and 5049 men against 831 officers and 5065 men in the previous year. The de-crease was due to the abolition of 16 District constables (vide G.O. No.G.6620-45/G.M.236-07-1 dated 13th May 1908), who owing to the paucity of orderlies in the Chief Office had been working in the Chief Office ~~&&~~ withdrawn from the Districts.

Cost of the Police.

34. The actual cost of the Police Administration during the year, as per figures furnished by the Comptrol-ler, was ₹1,007,346 against ₹997,294 showing an increase of ₹10,052 as per details below:-

No.	Particulars	1909-10	1910-11.
1.	Superintendence (Head Quarters).....	42,141	43,667
2.	City Police of Bangalore & Mysore.....	72,404	73,561

8.	Share of land Revenue charges debitable to Police.....	27,680	26,755
	Total.....	₹997,294	₹1,007,346

The increase in cost is due to the heavy expenditure under the head "Travelling allowance".

Departmental punishments..

35. The total number of officers and men punished departmentally rose to 2655 (280 officers and 2375 men) during

during the year under report from 2429 (207 officers and 2222 men) in the preceding year. The percentage of those punished to the actual strength was 47.2 against 43.5. Of the above 8 officers and 94 men were dismissed, 251 officers and 2179 men were either fined, suspended or de-graded and 21 officers and 102 men were awarded black marks against 1 & 127, 206 & 1965 and 0 & 130 respectively.

The following statement gives the details of punishment for the several Districts.-

The Hassan District is res-
-ponsible for nearly one half of the
increase in the number of punishments
while Chitaldrug, French Rocks, Kolar
Kolar Gold Fields and Tumkur also
contribute to a large extent. There
is a good deal of improvement in the
two Cities, due to closer supervision
by superior officers.

Judicial punishments.

The number of judicial punish-
-ments shows some decrease. There
were 36 convictions (2 Daffedars and
34 men) against 40 (1 Daffedar &
39 men). These convictions were for
the offences noted below:-

Murder	1
House-breaking & theft	1
Theft	2
False personation	1
Cheating	1
Receiving stolen property	1
Criminal force	1
House trespass	1
Hurt	1
Negligently allowing the escape of prisoners	11

The

Rewards.

The number of officers and men rewarded by promotion was 67 against 68 and those who received presents, good conduct stripes or money rewards were 423 against 355 of the last year. The total amount of rewards paid to the Police was ₹2118-6-6 against ₹1160-5-6. Both the number of persons rewarded by money and the amount expended on rewards were larger than in the previous year. 140 private persons against 88 during 1909-10 were given money rewards to the extent of ₹1125 as against ₹299/- The amount of rewards paid to the Police and the public out of the Police grant was ₹2132//- against ₹1019/-. A heavy expenditure under this head had necessarily to be incurred during the year, for the several Police officers and men and also some private

private individuals who contributed to the capture of two dangerous and desperate Pamlore gangs in the Kadur and Chitaldrug Districts were rewarded during the year.

Loan of Policemen.

36. The services of 4 officers and 34 men were lent to private persons as against 4 officers and 37 men in the previous year.

Prosecuting Inspectors.

37. There are in all 9 Prosecuting Inspectors in the Province, 1 for each of the 8 Districts and 1 for the Kolar Gold Fields Circle. These Inspectors (excepting that of the Kolar Gold Fields) besides being in charge of the District Police Schools, have conducted prosecutions in 878 cases, securing convictions in 623 with a percentage of 76. It must be observed that these officers take up only cases of importance which are generally contested, leaving

-ing the prosecution of ordinary cases to the local Police officers. The high percentage of convictions viz., 76 obtained in the cases prosecuted by these Inspectors as against the Provincial average of 72 per cent convictions shows that the Prosecuting Inspectors have been rendering very useful service.

Hutting and building.

38. The P.W.D. carried out Original works upto Rs.428/- and repairs to Rs.834/-

Departmental Repairs.

In addition to the above, repairs to the extent of Rs.5077/- have been carried out departmentally during the year under report out of the allotment of Rs.6178/- (including Rs.178/- for incomplete works of the past year) placed at my disposal by the Chief Engineer.

A sum of Rs 600/- was allotted to each of the 8 Districts and two circles; while Shimoga and French Rocks had each in addition a sum of Rs 121/- and Rs 57/- respectively for incomplete works of the past year.

The following statement gives the details of expenditure under various heads:-

District	Allotment	Expenditure	Lapse	Remarks
Bangalore	Rs 6000 - Repairs to incomplete works of last year. 178 / Rs 6178.	814+	..	+ Repairs to the extent of Rs 214 and 25 respectively were also carried out in other Districts.
Kolar		625+	..	
Tumkur		529	71	
Mysore		429	171	
Hassan		500	100	
Shimoga		631	90	
[illegible]Kadur		499	101	
Chitaldrug		574	26	
Kolar Gold Fields		434	166	
French Rocks		42	615	
Total...	Rs 6178	5077	1340	239

Total lapse .....1340 - 239 = 1101/-

It will be seen from the [illegible]

above that the Districts of Bangalore and Kolar not only utilised the allot-ted amount in full but also carried out additional repairs to the extent of ₹214/- and 25/- respectively. Chitaldrug has also done well enough though there was a small lapse. The Superintendents of the remaining Districts do not seem to evince suf-ficient interest in the upkeep and repair of Police buildings.

No repairs were executed in the French Rocks Circle during the year out of works sanctioned to the extent of ₹415/- and thus the whole amount allotted for that Circle was allowed to lapse.

Inspector-General's inspection.

39. I toured in all the Districts of the Province except Kolar and inspected one District Office, 24 Investigating Centres and 16 sub-Stations.

Summary.

1. The year under report was one of considerable improve-
-ment in almost all branches of Police work.

There was an appreciable net decrease of 388 cases in cognizable crime the number for 1910-11 being 5704 against 6092 in 1909-10. The largest decrease of 567 cases under minor offences against property is noticeable as it it speaks of really good work under preventive measures adopted by the Police. It shows that effective control was exercised over the movements of the criminal classes and that Inspectors devoted greater attention to the inspection work.

In the matter of conviction and recovery of property lost, there was some improvement, there being 72.5 per cent conviction aganst 72.3 in 1909-10 and 40.6 per cent of recovery of property against 39.3. It may be noticed that there has been steady improvement in the percentage of stolen property recovered during the last 4 years.

It is also creditable that the number of cases pending

with

with the Police at the close of the year was almost the same as in the year previous to it.

The result of the Sessions trials was likewise better, the convictions secured being 64.7 % against 63.2 % in 1909-10.

There were again no cases of serious disturbance, nor was there any organized dacoity.

2. I am glad to be able to report that the Investigating Centre Scheme is, as is evident from the results of the last two years during which it is in operation, an improve-ment over the old system according to which the ill-educat-ed and low paid Daffedars also had power to conduct in-vestigation. No officer lower in rank than a Jamedar is now competemt to do it. The Inspectors and Jamedars are now on the whole of a better class of men possessing higher educational qualifications and better character. No doubt there is yet room for improvement. The training which they are now given is purely of a theoretical nature. They ought, in addition, be given practical training for not less than six months before they are sent out as Inspectors and

Jamedars.

Jamedars. It is desirable also to increase the pay and horse allowance of Jamedars to keep them above temptation and to enable them to maintain better animals. With an increase of pay and status to Jamedars, the number of Inspectors may be decreased on the one hand by placing them in charge of more than one Taluk and Daffedars on the other, by doing away with a number of sub-stations.

The Deputy Commissioners and Superintendents of Police have been consulted in the matter of introducing measures so as to remedy the defects if any in the Investigating Centre Scheme and to make it a more efficient machinery for carrying out the work of investigation and detection. Such of the officers as have already furnished me with their impressions on the subject && are more or less unanimous in the opinion that the scheme is a decided improvement over the old system and that with a few modifications it is bound to give satisfaction both to the judiciary and to the public. I hope to be able to place these modifications be-fore Government shortly.

The question of introducing the Investigating Centre Scheme to the Cities of Bangalore and Mysore is before

Government.

Government.

3. The recruitment of men into the constabulary is, as has already been brought to the notice of Government, un-satisfactory. Better class of men do not come forward for enlistment as the pay is not attractive and as at the same time high wages are available. The pay now given is not commensurate with the responsibilities devolving on them. The training given to them in the District Schools is also defective. The question of forming a Central Training School with a view to obviate some of these defects is before Government.

4. The C.I.D. has been doing very good work. Greater harmony has come to exist between the officers of this Department and those of the District Police. The District officers are more freely applying for the services of these officers. The need for their services is being felt more and more every day. It is high time that it is made a perma-nent department.

In this connection it may be mentioned that the work in the Finger Print Bureau which forms an important part of the C.I.D. has of late considerably increased. The existing

existing establishment of one Inspector and one clerk is too inadequate to meet the pressing work of the Branch. I am in due course going to submit my proposals in the matter.

5. A larger amount of money is spent in paying rewards to private individuals who helped the Police with their services. A liberal payment of these rewards goes to induce private persons to come with information which will tend to successful investigation.

6. The village Police heartily co-operated with the Regular Police and largely contributed to the satisfactory results of the Police work during the year.

7. Graduates and under-graduates are offered service in the Police Department and some are joining it. It is hoped that in course of the next few years the entire class of Inspectors will consist of men of higher education.

The transfers of Police Inspectors on promotion to the Revenue Department as Amildars, which the Government are pleased to do, is a great inducement to Graduates to join the Police service. It will become, I believe, more attractive if a small proportion in the number of appointments of

Superintendents

Superintendents of Police, is reserved for Police Inspectors of high merit, character and experience.

8. Athletic Sports opened to Police officers and men were held in December 1910. The Superintendents of Police and other officers and men from all the Districts took part in the events. Liberal prizes in the shape of silver plates and cups and money were given. Their Highnesses the Maharaja and Maharani C.I., Hon'ble Colonel Daly, the British Resident in Mysore and the members of the Mysore Royal family graced the occasion with their presence. His Highness the Maharaja was graciously pleased to distribute the prizes to the winners.

This grand opportunity was availed of for the distribu-tion of rewards by His Highness the Maharaja to Police officers and men and to private individuals who had rendered meritorious services in the detection and prevention of crime. This was greatly appreciated by the recipients and the public.

9. It gives me great pleasure to record my thanks to all

the

the members of the Police Force without whose zeal, earnest-
-ness and sense of duty the favourable results narrated in
this report would not have been achieved.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector-General of Police.

No. J. 2464-72—POLICE 111-11-2, DATED BANGALORE, 27TH FEBRUARY 1912.

ORDER THEREON.—*Crime.*—The total number of offences during the year 1910-11 showed a slight increase over that of the preceding year, but there was a decrease in the number of cognizable cases noticeable chiefly in "Minor offences against property." The decrease in the Tumkur District was large and requires explanation. The number of serious offences against person and property was nearly the same as in the preceding year.

Detection.—The results of the trial of cases handled by the Police were satisfactory, convictions having been secured in 72·5 per cent of cases against 72·3 in 1909-10. It is, however, observed that out of a total of 23 cases of dacoity investigated by them during the year, 11 or nearly 50 per cent were returned on the "B" form—a matter which requires explanation.

In this connection Government wish to draw the attention of the District Magistrates to the remarks of the Inspector-General of Police in para 7 of the report regarding the delay in the disposal by Magistrates of cases reported by the Police on "B" form.

Recovery of stolen property.—The percentage of stolen property recovered by the Police was nearly the same as in the preceding year.

Cattle thefts.—Government observe that there was a decrease in the number of cattle thefts reported during the year. Continued vigilance on the part of the Police is, however, necessary if any marked and permanent improvement is to be looked for in the prevention of offences of this class.

The Village Police.—The Village Police made arrests in 56 cases during the year and in 49 of them convictions were secured. As in the two preceding years, the percentage of convictions in cases handled by them compared favourably with that in cases investigated by the regular Police.

Discipline.—Departmental punishments awarded to officers and men in the force number more than in the preceding year.

The Investigating Centre Scheme.—Government are glad to learn that the Investigating Centre Scheme, which has been in operation in the State (except in the Cities of Bangalore and Mysore) during the last two years, has, on the whole, proved a success and they await the proposals of the Inspector-General for modification in matters of detail, particularly so as to ensure that delay and consequent loss of evidence shall not occur in the investigation of serious offences.
